

# CERTIFICATE OF ANALYSIS

Product Description      PHLOROGLUCINOL  
1,3,5-TRIHYDROCYBENZENE  
Product Number        P694  
Lot Number              13K0694016  
Storage Temperature    Room Temperature  
Molecular Weight       126.12  
Formula                  C<sub>6</sub>H<sub>6</sub>O<sub>3</sub>  
CAS Number            108-73-6

## **Physiochemical Specifications:**

| TEST                                    | SPECIFICATION                                                        | RESULTS            |
|-----------------------------------------|----------------------------------------------------------------------|--------------------|
| Solubility                              | Soluble in Water @ 10 mg/mL                                          | Passes             |
| pH                                      | Under Development                                                    | 6.2                |
| Physical Appearance<br>Color*           | 2143-70 to 2155-70,<br>2162-70 to 2162-40,<br>RM-1 to RM-5, or RM-31 | 2146-70 Off-White  |
| Texture                                 | Fine Powder                                                          | Fine Powder        |
| Solution Appearance<br>Clarity<br>Color | Clear<br>Colorless to Light Yellow Tint                              | Clear<br>Colorless |
| Average Time to Dissolve                | Within 5 min                                                         | Passes             |
| Insolubles                              | None to Few                                                          | Passes             |
| Purity                                  | Minimum 98.0%                                                        | 99.48%             |
| FTIR                                    | Conforms to Structure                                                | Passes             |

\* Product color based upon comparisons between sample and standardized color wheel (Benjamin Moore® Color Preview™).

## **Biological Testing:**

Test Concentration: 100.0 mg/L

| TEST SPECIFICATION                                                                                                                                                     | PLANT CELL LINE | RESULTS |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------|---------|
| Supports and/or facilitates plant growth and/or shoot and/or root proliferation in two or more plant tissue cultured lines with no morphological aberrations to plants | Begonia         | Passes  |
|                                                                                                                                                                        | Tobacco Callus  | Passes  |

The material described in this certificate is synthetic. No animal- or plant-derived components were used in the manufacture of this product.
