

# SAFETY DATA SHEET

#### 1. CHEMICAL IDENTIFICATION AND COMPANY INFORMATION

| PRODUCT NAME:                      | Sodium Bicarbonate,   |
|------------------------------------|---|
| PRODUCT NUMBER:                    | S803  |
| COMPANY INFO:                      | <i>Phyto</i> Technology Laboratories®<br>PO Box 12205, Shawnee, KS 66282-2205<br>Phone: 1-888-749-8682 or 1-913-341-5343; Fax: 1-888-449-8682 or 1-913-341-5442<br>www.phytotechlab.com   |
| EMERGENCY PHONE NUN<br>(INFOTRAC): | MBER 1-800-535-5053 - US Only   1-352-323-3500 - International  |
| RECOMMENDED USE:                   | For Research Use Only   |
| RESTRICTIONS ON USE:               | Products sold by <i>Phyto</i> Technology Laboratories® are intended for research and laboratory use only. Products are not to be used as human or animal therapeutics, cosmetics, agricultural or pesticidal products, food additives, or as household chemicals. |
|                                    |   |

# 2. HAZARDS IDENTIFICATION

#### Classification of the substance or mixture:

Not a hazardous substance or mixture.

#### GHS Label elements, including hazard and precautionary statements:

Not a hazardous substance or mixture.

#### Hazards not otherwise classified (HNOC) or not covered by GHS: - none

# 3. COMPOSITION/INFORMATION ON INGREDIENTS

| Synonyms:         | Baking Soda        |
|-------------------|--------------------|
| CAS No:           | 144-55-8           |
| Formula:          | NaHCO <sub>3</sub> |
| Molecular Weight: | 84.01 g/mol        |
| EC No.:           | 205-633-8          |

| Ingredient         | CAS Number | Percent | Hazardous                                       |
|--------------------|------------|---------|---|
| Sodium Bicarbonate | 144-55-8   | >99%    | No exposure limits established by OSHA or ACGIH |

#### 4. FIRST AID MEASURES

General Advice: Consult a physician. Show this safety data sheet to the doctor in attendance. Move out of dangerous area.

| <b>Route of Entry</b> | Symptoms                                  | First Aid Procedures  |
|-----------------------|---|---|
| Ingestion             | May cause irritation if swallowed         | If swallowed, wash out mouth with water. Never give<br>anything by mouth to an unconscious person. <b>Get medical</b><br><b>attention.</b>  |
| Inhalation            | May cause irritation to respiratory tract | Safely remove victim to fresh air. If not breathing, institute cardiopulmonary resuscitation (CPR). If breathing is difficult, ensure clear airway and give oxygen. <b>Get medical attention.</b> |
|                       |   | D 1 65  |

Eye Contact Direct contact may cause irritation. May Flush immediately with large amounts of water for at least cause redness, tearing, or blurred vision. 15 minutes. Eyelids should be held away from the eyeball to ensure thorough rinsing. Get medical attention if irritation persists. Skin Contact Wash area thoroughly with soap and water. Remove and Irritating. May cause reddening, itching or wash contaminated clothing. Get medical attention if inflammation. irritation persists. Most Important Symptoms or Effects, Both Acute and Delayed: See section 2 and/or section 11 Recommendation for Immediate Medical Care and Special Treatment Needed: No data available

# 5. FIRE FIGHTING MEASURES

| Suitable Extinguishing Media:                                 | Water spray, carbon dioxide, dry chemical powder, or appropriate foam. Use extinguishing media suitable for surrounding fire.   |
|---|---|
| Special Protective Equipment and Precaution for Firefighters: | In the event of a fire, wear full protective clothing and NIOSH approved self-<br>contained breathing apparatus. Evacuate the area and fight fire from a safe distance. |
| Hazardous Combustion Products:                                | No data available   |

#### 6. ACCIDENTAL RELEASE MEASURES

Personal Precautions, Protective Equipment and Emergency Procedures:

Use personal protection recommended in Section 8. Avoid dust formation. Avoid breathing dust, vapors, mist or gas. Ensure adequate ventilation, especially in confined areas. Evacuate personnel to safe areas.

| Environmental Precautions:                 | Prevent further leakage or spillage if safe to do so. Do not let product enter drains.   |  |
|--|--|--|
| Method of Containment and Cleanup:         | Wear suitable protective clothing. Avoid dust formation. Carefully sweep up and remove. Place material in a dry container and cover. Remove from the area. Flush spill area with water. Do not let product enter drains. |  |
| 7. HANDLING AND STORAGE                    |  |  |
| Precaution for Safe Handling:              | Avoid contact with skin and eyes. Avoid dust formation and aerosols. Avoid incompatible substances. Provide adequate ventilation at places where dust is formed. Wash thoroughly after use.                              |  |
| Conditions for Safe Storage:               | Keep in a tightly closed container and store in a cool, dry, and well-ventilated area.   |  |
| Incompatibilities:                         | No data available  |  |
| Recommended Storage Temperature:           | Room Temperature   |  |
| 8. EXPOSURE CONTROLS/PERSONAL              | PROTECTION   |  |
| OSHA's Permissible Exposure Limits (PELs): | None   |  |
| Threshold Limit Values (TLVs):             | None   |  |
| Engineering Controls:                      | Handle in accordance to general industrial hygiene and safety practice.  |  |
| Personal Protective Equipment (PPE):       |  |  |
| Eye/Face Protection:                       | Chemical safety glasses or goggles. Have eye-washing facilities readily available where eye contact can occur.   |  |
| Skin Protection:                           | Protective gloves  |  |
| Body Protection:                           | Lab coat   |  |
| Respiratory Protection:                    | Respiratory protection is not required.<br>Use N95 (US) or type P1 (EN 143) dust mask where dust level is nuisance.<br>A NIOSH/MSHA approved air purifying respirator is recommended where airborne                      |  |

concentrations are expected to exceed exposure limits. Protection provided by purifying respirators is limited.

# 9. PHYSICAL AND CHEMICAL PROPERTIES

| Appearance:                             | White to Off-White Powder |   |  |  |
|---|---------------------------|---|--|--|
| pH (0.50 g/L):                          | Under De                  | Under Development (6.5 – 8.5 suspected range)     |  |  |
| Solubility:                             | Soluble in                | n Water   |  |  |
| Melting Range:                          | 300 °C; L                 | Loses CO <sub>2</sub> around 50 C, converted to N | a <sub>2</sub> CO <sub>3</sub> at 100 °C |  |
| Vapor Density:                          | No data a                 | vailable  |  |  |
| Vapor Pressure:                         | No data a                 | vailable  |  |  |
| Specific Gravity:                       | 2.159                     |   |  |  |
| Odor:                                   | May have                  | e slight characteristic odor                      |  |  |
| Odor Threshold:                         | No data available         |   |  |  |
| Viscosity:                              | No data a                 | No data available                                 |  |  |
| Relative Density:                       | No data a                 | No data available                                 |  |  |
| Evaporation Rate:                       |                           | No data available                                 |  |  |
| Initial Boiling Point<br>Boiling Range: | and                       | No data available                                 |  |  |
| Flammability (solid,                    | , gas):                   | No data available                                 |  |  |
| Partition coefficient n-octanol/water): | :                         | No data available                                 |  |  |
| Auto-ignition Temperature:              |                           | No data available                                 |  |  |
| Decomposition Terr                      | perature:                 | No data available                                 |  |  |
| Flash Point (Closed                     | Cup):                     | No data available                                 |  |  |
| Flammable Limits:                       |                           | Upper (%) – No data available                     | Lower (%) – No data available            |  |

# **10. STABILITY AND REACTIVITY**

| Reactivity:                       | No data available                     |
|-----------------------------------|---------------------------------------|
| Chemical Stability:               | Stable under normal conditions of use |
| Possibility of Hazard Reactions:  | No data available                     |
| Conditions to Avoid:              | No data available                     |
| Incompatibles Materials:          | No data available                     |
| Hazardous Decomposition Products: | No data available                     |

#### 11. TOXICOLOGICAL INFORMATION

| Toxicity:                       | LD <sub>50</sub> (Oral-Rat)(mg/Kg) |          | 4220      |                   |
|---------------------------------|------------------------------------|----------|-----------|-------------------|
|                                 | LD50 (IV-Rat)(mg/Kg)               |          |           | No data available |
|                                 | LD <sub>50</sub> (Oral-Mouse       | )(mg/Kg) |           | 3360              |
| Carcinogenicity:                | NTP:                               | No       |           |                   |
|                                 | IARC:                              | No       |           |                   |
|                                 | OSHA Reg:                          | No       |           |                   |
| Reproductive Toxicity:          | No data available                  |          |           |                   |
| Specific Target Organ Toxicity: | Single Exposure:                   |          | No data a | vailable          |

|                  | Repeated Exposure:       | No data available |
|------------------|--------------------------|-------------------|
| Target Organs:   | No data available        |                   |
| Routes of Entry: | Inhalation and ingestion |                   |
| NIOSH/RTECS NO:  | VZ0950000                |                   |

# The toxicological properties of this product have not been thoroughly investigated

# **12. ECOLOGICAL INFORMATION**

| Ecotoxicity:                   | No data available                       |
|--------------------------------|---|
| Persistence and Degradability: | No data available                       |
| Bioaccumulative Potential:     | No data available                       |
| Mobility in Soil:              | No data available                       |
| Other Adverse Effects:         | No data available                       |
| 13. DISPOSAL CONSIDERATION     |   |
| Disposal Procedure:            | Dispose in accordance with all applical |

Dispose in accordance with all applicable federal, state, and local environmental regulations.

#### 14. TRANSPORT INFORMATION
