

# CERTIFICATE OF ANALYSIS

Product Description LINSMAIER & SKOOG BASAL MEDIUM  
Product Number L689  
Lot Number ACK0689090  
Storage Temperature 2-8°C

## **Physiochemical Specifications:**

| TEST                                    | SPECIFICATION                                              | RESULTS                   |
|-----------------------------------------|------------------------------------------------------------|---------------------------|
| Solubility                              | Soluble in Water                                           | Passes                    |
| pH (4.43 g/L)                           | 3.5 – 4.5                                                  | 3.9                       |
| Physical Appearance<br>Color*           | 2143-70 to 2150-70,<br>2022-70 to 2026-70,<br>PM-1 to PM-4 | PM-4 White<br>Fine Powder |
| Texture                                 | Fine Powder                                                |                           |
| Solution Appearance<br>Clarity<br>Color | Clear<br>Colorless to Slight Yellow Tint                   | Clear<br>Colorless        |
| Average Time to Dissolve                | For Information Only<br>(Approx. 2 min)                    | Passes                    |
| Insolubles                              | None                                                       | Passes                    |
| Moisture                                | For Information Only                                       | 1.09%                     |

\* Product color based upon comparisons between sample and standardized color wheel (Benjamin Moore® Color Preview™).

## **Biological Testing:**

| TEST SPECIFICATION                                                                                                                                         | PLANT CELL LINE | RESULTS |
|------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------|---------|
| Supports and/or facilitates plant growth and/or shoot proliferation in two or more plant tissue cultured lines with no morphological aberrations to plants | Coreopsis       | Passes  |
|                                                                                                                                                            | Kalanchoe       | Passes  |

The material described in this certificate was manufactured in the United States of America and is synthetic. No animal- or plant-derived components were used in the manufacture of this product.
