

# CERTIFICATE OF ANALYSIS

Product Description      CHU N6 BASAL SALT MIXTURE  
Product Number          C416  
Lot Number                SXS0416021  
Storage Temperature      2-8°C

## Physiochemical Specifications:

| TEST                                    | SPECIFICATION                            | RESULTS            |
|---|--|--------------------|
| Solubility                              | Soluble in Water                         | Passes             |
| pH (3.98 g/L)                           | 3.75 – 4.75                              | 4.1                |
| Physical Appearance<br>Color*           | PM-1 to PM-4 or 2143-70 to<br>2147-70    | 2144-70 Off-White  |
| Texture                                 | Fine Powder                              | Fine Powder        |
| Solution Appearance<br>Clarity<br>Color | Clear<br>Colorless to Slight Yellow Tint | Clear<br>Colorless |
| Average Time to Dissolve                | For Information Only<br>(Approx. 10 min) | Passes             |
| Insolubles                              | None                                     | Passes             |
| Moisture                                | For Information Only                     | 2.11%              |

\* Product color based upon comparisons between sample and standardized color wheel (Benjamin Moore® Color Preview™).

## Biological Testing:

| TEST SPECIFICATION  | PLANT CELL LINE | RESULTS |
|---|-----------------|---------|
| Supports and/or facilitates plant growth and/or shoot proliferation in two or more plant tissue cultured lines with no morphological aberrations to plants. | Perilla Fantasy | Passes  |
|   | Parrot Feather  | Passes  |

The material described in this certificate was manufactured in the United States of America and is synthetic. No animal- or plant-derived components were used in the manufacture of this product.
