Supports and/or facilitates plant growth and/or shoot proliferation in two or more plant tissue cultures with no morphological aberrations.	S. parsonii	Passes
	Oncidium	Passes

The material described in this certificate was manufactured in the United States of America and contains components that are synthetic, plant-, and animal-derived. The animal derived component is casein that was manufactured in Mexico. This component was derived from bovine milk of New Zealand origin. It was hydrolyzed with a porcine-derived enzyme of United States origin.
