| TEST SPECIFICATION | PLANT CELL LINE | RESULTS |
|---|-----------------|---------|
| Supports and/or facilitates plant growth and/or shoot proliferation in two or | Cattleya | Passes |
| more plant tissue cultured lines with no morphological aberrations to plants. | Oncidium | Passes |

The material described in this certificate was manufactured in the United States of America. It contains synthetic, animal-, and plant-derived components. The plant-derived component used in this product is a banana puree spray-dried with maltodextrin at 215 °F for 15-30 seconds under high pressure. The animal-derived component is peptone manufactured from porcine stomach tissue originating in the United States. This product contains 2.0 g/L of peptone (1L = 57.31 g).

PhytoTech Labs Inc. provides the above information intended to be used only as a guide to the appropriate handling of this material by a properly trained person. PhytoTech Labs Inc. shall not be held liable for any damage resulting from handling or from contact with the above product. This product is intended for LABORATORY USE ONLY. Our products may NOT BE USED as drugs, cosmetics, agricultural or pesticidal products, food additives or as household chemicals.

Date of Release: 17-September-2021

Recommended Shelf Life Date: September 2024
